

**OREGON 1**

The 5.3m x 3.2m Log cabin Oregon 1 is a most popular hot tub cabin. Also used as a home office, gymnasium or party bat area, the Oregon creates outdoor living space without the appearance of a standard cabin or shed. The veranda entrance and wide but shallow shape, allows the Oregon 1 to fit into most tight or unusable garden spaces. The Oregon 1 is constructed using a premium quality Nordic spruce which gives the log cabin its tough build.
